

# NOMAFLEX®

Polypropylene Joint Filler  
Plank and Sheet

Cutter

NOMAFLEX®

Nomaflex® is a performance engineered foam that sets a new standard for concrete expansion joint fillers. It is a semi-rigid, closed-cell polypropylene foam that simply performs better and installs faster. Plus, the innovative **Nomaflex Cutter** tool enables concrete installers to easily trim Nomaflex on the job site or pre-score a removable 1/2" void for use with sealants. This **saves labor and money** by eliminating the need of an additional void cap system.

## HOW DO WE COMPARE?

NOMAFLEX	FIBERBOARD
No breakage or waste	Breaks during transport, handling, and installation, 20% or more total waste
Does not absorb water	Absorbs water, swells, and flakes away over time
Nomaflex Cutter creates a convenient tear strip for a sealant void	Requires separate void cap system
4" product - <b>5.6 lbs</b> per bundle - <b>75% lighter!</b>	4" product - <b>31 lbs</b> per bundle
Multiple bundles can easily be carried by one person	Very heavy, difficult to carry one bundle
Can be used as a flexible form & re-used multiple times	Will break when bent and is used only once due to moisture absorption
Acts as a natural bond breaker with concrete sealants	Requires use of bond breaker tape with sealants
Clean product	Contains sticky asphalt binder that will leach and stain the surrounding substrates
Tear strip stays in place around curves and bends	Plastic void cap will not bend
Tear strip is consistent and reliable	Plastic void cap falls off and breaks easily
80% Compression Recovery	70% Compression Recovery
No smell	Foul smell
Chemically inert	Will come apart when exposed to many chemicals
Made from up to 50% recycled material and is 100% recyclable	Made from cellulosic fiber and asphalt binder for one time use

### NOMAFLEX

Lightweight  
Does not break  
No waste

#### Installed Cost Per Lineal Foot

	Nomaflex	Asphalt EJ
1/2" x 4"	.55	.46
Waste	None	.09 = 20%
Void Cap	Use Cutter	.53
<b>Total Cost</b>	<b>.55</b>	<b>1.08</b> <b>Nearly 200% higher!</b>

### Fiberboard

Heavy  
Breaks easily  
≥ 20% waste

# NOMAFLEX®

Polypropylene Joint Filler  
Plank and Sheet

Bends to fit inside truck bed

Ideal for DOT, commercial & residential

Easily bends to curves

Re-usable

Use as a form

Can use nails or spray adhesive
