BOULEVARD LINEAR FIREPLACES

AVAILABLE BY SPECIAL ORDER
Direct Vent or Vent FREE

Contemporary or Traditional?
Boulevard Fireplaces are offered in ultra Contemporary and Traditional with a modern twist.

The Contemporary features a linear burner, halogen lighting mounted beneath the burner, and a black porcelain liner. The rich liner reflects the flames and the lighting. Use the remote control to raise or lower the lighting levels and the panels glow red along their edges.

Complete your Traditional Boulevard fireplace with one of two distinct accessory log sets (required). The traditional Charred set features meaty oak logs with rough bark, exposed wood and charring. The Driftwood set is lifted straight from a remote beach with each log worn smooth by wind and waves, and then dried under the hot sun to reveal the rich grain and deep whorls.

Both systems are available in LP (31,500 BTU) and Natural Gas (34,500 BTU).

Beautiful, elegant and efficient... your Boulevard fireplace will add value, ambiance and warmth to your home.
