

GROOMING

WILDSAIN

**YOUR DOG ISN'T ALWAYS AN ANGEL.
BUT IT CAN LOOK LIKE ONE.**

Dogs want to be good, they really, really do. Yet the mud puddle outside still calls to them, along with that intriguing garbage can full of goodies. That's why we created a product line that lets them give in to the dirt-covered devil on their shoulder but still smell heavenly on your couch. Unlike most dog shampoos, Wildsaint products use ingredients you'll actually recognize that are all-natural, USDA certified organic and USA sourced.

LIKE YOUR DOG, WE DO WHAT COMES NATURAL.

Some of our key organic ingredients are:

-  **VITAMIN E + GREEN TEA EXTRACT** / Reduces inflammation and swelling
-  **CALENDULA + ALOE** / Moisturizes, reduces infection, relieves itchiness, heals skin irritation
-  **SHEA BUTTER** / Hydrates skin and relieves itchiness
-  **SWEET ORANGE OIL** / Anti-bacterial and anti-inflammatory
-  **OMEGA 3 FATTY ACIDS** / Controls shedding, prevents fur from becoming dry and brittle
