GARDENING TIPS

AS IT WARMS UP DURING THE MONTHS OF APRIL AND MAY, WE WILL BE BRINGING IN MORE PLANTS SUCH AS HERBS, TOMATOES, PEPPERS, HOT PEPPERS, EGGPLANT, CELERY, SQUASH, ZUCHINI, CUCUMBERS AND MORE! FLOWERS AND PLANTERS WILL BE AVAILABLE AS THE TEMPERATURES RISE. WE CURRENTLY HAVE IN STOCK CABBAGE, BROCCOLI, LETTUCES, ONIONS AND PANSIES. BE SURE TO WAIT UNTIL GROUND TEMPERATURES RISE BEFORE PLANTING CERTAIN SEEDS. TO AVOID BLOSSOM END ROT WITH TOMATOES, TRY ADDING A ½ TBS OF EPSOM SALT TO THE SOIL BEFORE PLANTING.
