(Customer's Name) (Account #)

a change in my (circle one): **propane fuel oil kerosene** delivery status at:

(Physical address where tank is located)

If more than one tank or product, please fill out another Change of Delivery Status Form.

Circle and initial beside one of the following 2 options:

1 Automatic Delivery Service _____

Please circle how often you would like us to come:

Every- 30, 45, 60, 90, 120, 160, 180 or 365 Days

OR

2 Will Call Service * _____

*Will Call service requires a notification of five business days for delivery because the Coop delivers on dedicated routes in our service territory. If you require same day delivery service there will be a \$75 delivery charge during business hours or a \$95 delivery charge after normal business hours or on weekends. For propane customers that allow their tank to run out, there will be a charge of \$45 to perform a pressure test on the tank to ensure that there are no leaks or faults within the system. The pressure test is mandatory for the safety of the customer.

This will take effect when this completed and signed form is received in the office of Rockbridge Farmer's Cooperative Bulk Petroleum Plant. Please return the form via mail or fax. The address and fax number are listed above.

This form is binding and supersedes any previous agreement on file. No other form of delivery service method change request will be honored by the Coop. It is the customers' responsibility to contact Rockbridge Farmer's Cooperative with any future changes.
