

PET FOOD OF THE MONTH: NUTRISOURCE DOG FOOD

NutriSource Pet Foods is centered around a core belief in family and community.

NutriSource's partnerships range from small non-profit centers like rescues and shelters, independent pet specialty retailers, local agricultural businesses, and national organizations like the *Pinky Swear Foundation*.

The *Pinky Swear Foundation* offers direct financial support to families battling pediatric cancer so they can keep their focus on the health and recovery of loved ones. If you purchase NutriSource, you are supporting Pinky Swear as, a share of the proceeds directly support the *PSF*. These efforts impact families and communities across the country.

Look for the Pinky Swear bags at your local Soldan's this July!

All 30 lb. bags or larger of Nutri Source original and grain free dog food are \$6 OFF in July.

Hi! I'm Daisy the Bulldog and I'm 4 months old. I love chewing anything I can get my paws on and relaxing in my hammock on sunny days.

LIKES

Going on car rides! Especially to Biggby and the bank where the nice workers give me treats.

Pick: DOG ROCKS

I have a black lab at home, Dozer. For the longest time I had brown burn 'Dozer patches' all over my yard. That's when I decided to give Dog Rocks a go.

Say hello to a green lawn again! These all natural rocks filter out impurities from water like tin, ammonia, and nitrates. Plus, they're super cost effective! Instead of giving my 100 lb. dog grass saving treats, I buy the 2 pack for \$16.99 which lasts two months.

Dog Rocks Tid Bits: If you don't let the rocks completely soak in the water, they will not be effective. I use a large stainless steel pail and top his water off each morning. Dog Rocks will not treat current burn spots, but will stop the spread of further ones.
