

PET FOOD OF THE MONTH: ZIGNATURE DOG FOOD

TASTE-MONIAL FROM NIKKI SOLDAN, OUR BUSINESS DEVELOPMENT MANAGER:

"Smudge, my Australian Cattle Dog has always had this awful itch. I've tried a million different pet foods, and nothing seemed to alleviate his itching. Finally, I tried Zignature's Lamb formula and he has had no symptoms of itching or allergies since! Not to mention his coat is extremely soft! Two paws up for Zignature, from Smudge & I."

TASTE-MONIAL FROM JUAN SANCHEZ, OUR TRUCK DRIVER:

"My old man dog 'Rocket' rescued my family and I, down in Ohio. His coat was in pretty rough shape and his skin was dry and flaky. I put him on Zignature's Whitefish formula and he has done a complete 180! The extra boost of Omega-3 Fatty Acids from the Whitefish has worked wonders on my Rocket's coat. Couldn't be happier with Zignature."

BOB SOLDAN
pet of the month

BIO

Big Bob, was adopted from the Capital Area Humane Society as a kitten back in 2002. He lived out his life getting spoiled by his two humans; Sheri Cunningham & Howard Soldan II. He had five 'toes' on his front two paws, AKA Michigan hands.

LIKES

Running down the hallway at dawn to get his daily helping of wet food, sitting in the three season room and getting his belly rubbed, and looking out the window at the squirrels eating peanuts.

Bob was laid to rest on Tuesday, August 14th 2018 at his home in Bath, Michigan. Bob, we sent a huge shipment of catnip bananas and 200 pairs of loving hands to keep up with your belly rubbing needs up there. We miss you dearly. Rest in peace, sweet boy.

The \$20 Pet Of The Month gift card will be going to CAHS this month. Thank you for giving the Soldan family such a sweet kitty!

SOLDAN'S TEAM MEMBER PICK

Name: Heather Brandell

Position: Manager at the Charlotte Store

#TeamSoldansSince: Spring of 2009

Pick: Sentry Capguard®

While I was in college, my roommate and I decided it would be a great idea to get a kitten. But tiny little Artemis came with a huge flea infestation. We stopped and picked up some Capguard® tablets on our way home, gave one tablet to her and closed her into the bathroom. Thirty minutes later, we went in and were shocked to see all the little dead fleas on the floor, and none left on the kitten! We used a topical monthly flea preventative to kill any remaining eggs on little Artie, and protect her from future infestation... and we never saw another flea that season. Added bonus, that I was taking Entomology that semester and was able to provide all my very grateful classmates with flea specimens for their collections...

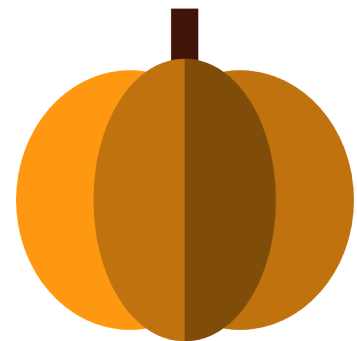

Capguard® tablets are considered a rescue remedy for knocking down an existing infestation on your pet, but do not prevent fleas from coming back. I recommend using one of our great preventative products to safeguard your pet from future bug troubles, as well as treating the pet's bedding, your home and yard. See a Soldan's associate for recommendations on our favorite flea & tick prevention products.
