COSMO
pet of the month

BIO

Cosmo, born on March 15th, 2015. His owner Jocelyn had NO idea the cute little kitty she adopted would grow up to be a 20+ lb Maine coon.

LIKES

Egg noodles! If given the chance he'll find a bag, open it and hide the noodles all over the house. Also, watching the birds outside, and all of the Go Cat toys that Soldan's carries.

PET PEEVES

Dislikes: When his big brother Roscoe won't play with him & when his mom hides the egg noodles.

#TEAMSOLDANS SINCE: Summer of 2015 Pets: Finn the Australian Shepherd, Mia the Bulldog mix and Pepper the cat.

FAVORITE PRODUCT: Answer's Goat Milk

Answer's Raw Fermented Goat's Milk has truly made a difference in my pet's lives. My cat, Pepper, suffers from seasonal allergies in the spring and fall that cause her to itch herself so much that she gets giant scabs on her face, ears and neck. She would be miserable for about 6 months out of the year unless she received cortisone injections bi-weekly. Naturally occurring antihistamines in fermented goat's milk has made her allergies almost non-existent! She can get through the spring and fall with little to no itching at all!

My Australian Shepherd, Finn, also has a very sensitive stomach. Answer's has completely reversed his sensitivities. He couldn't even get a treat from the bank drive-thru without having an upset stomach for at least two days... Now, he can eat just about anything with no issues whatsoever!

Answer's Raw Fermented Goat's Milk is packed with probiotics and naturally occurring antihistamines that have made a huge difference in my pet's quality of life. I simply top their dinner with the recommended amount of goat's milk for their body weight.

Thank you, Answers!

GETTING YOUR PET TO USE THE BATHROOM IN COLD, SNOWY WEATHER

It can be a challenge to get even the best housetrained pet to do their business outdoors on a bitterly cold, snowy day. Fortunately, there are steps you can take to encourage your pet to use outdoor bathroom areas and avoid indoor accidents all winter long.

1. Walk and play outdoors
2. Train your pet to 'go' on command
3. Create a winter potty area
4. Bundle up
5. Accompany your pet
6. If all else fails, consider an indoor potty area.
