*All Orders subject to change upon availability from the hatchery!

Not all hatches are successful! The hatcheries try their best, but we don't always get a complete order.

Hatcheries have a 90% sexing guarantee. They will refund the difference of female to male prices.

Claims must be made when chicks are no more than 12 weeks old.

Your patience and understanding is greatly appreciated by the staff here at Knisely's Pet and Farm Ctr.

If you can bring a box to put your chicks in, that would be greatly appreciated!!
