

## Quik Drive Loaner Program

Subfloor | Decks | Drywall

### Save your back. Save on labor!

Whether you're fastening down deck boards, installing subfloor in a house, or putting up some drywall, Quik Drive by Simpson Strong-Tie is the best solution for your next project.

Pine Cone Lumber is a valued partner of Simpson Strong-Tie, who proudly manufactures the Quik Drive line. We know how tough things can be for our customers. You want to have the best tool for the job, but you can't justify buying one just for a few deck projects a year.

Well, there's a solution to that problem!

### We'll loan you the tool!

That's right! We'll loan you the Quik Drive screw gun. If you've got a project that makes sense to use this tool, then come by and we can help you out.

Once we've figured out what you need, then you buy the screws for your project and we'll provide the tool at retail cost.

When you're done with the tool, bring it back for a full refund.

If you like the tool, we can sell you one!

### The Benefits of Quik Drive:

- Limited Lifetime Warranty
- Fast, precise, and consistent fastening
- Consistent depth control
- Stand-up extension saves your back
- Widest variety of applications
- Over 150 collated screws
- Simpson Strong-Tie field support

Come on by and get  
Quik Drive for your  
next project
