

7OZ BATH BOMBS

STEP 1:

Cleansing is the essential first step to a great skin & coat. K9 Granola Factory has developed a full line of bath bombs designed to treat your pets bath. We have infused each bath bomb with Kaolin Clay which is excellent for normal to dry skin types and helps to gently cleanse and exfoliate the skin. Simply add (1) one bath bomb to tub and watch as the fun begins. While your dog is standing in the tub, use a cup or pitcher to simply scoop & pour treated water over your pets coat.

* the embellishments in the bath bombs & soaps (like stars, flowers, fish etc) are made of sugar and dissolve completely in water. The colors are food grade and our plastic free glitters are made with mica and minerals, seaweed and starch

GOAT'S MILK HERBAL BATH BARS

STEP 2:

Your pets skin never had it so soft with our Goats Milk Herbal Bath Bars infused with Argan Oil for a superior wash & shine. For cleansing, work up a creamy lather enriched with hydrating oils, while our essential oils impart a relaxing aroma-therapeutic experience. Achieve a healthy skin & coat from head to toe.

* the embellishments in the bath bombs & soaps (like stars, flowers, fish etc) are made of sugar and dissolve completely in water. The colors are food grade and our plastic free glitters are made with mica and minerals, seaweed and starch

WHIP BODY BUTTER MOISTURIZER

STEP 3:

This essential step makes a huge difference in the way your pet looks & feels by eliminating dandruff and itchy skin. Our lush butters are WHIPPED for immediate absorption into the skin & coat. It will not make your pet greasy or mat their hair. Treats itchy, dry skin, hot spots and flaky coat. Provides body & movement to coat while helping to regain shine.

Simply rub a small amount of WHIP between your hands, run hands through pet's coat, concentrating on areas of extreme dryness. May brush to fluff and works great on bellies and elbows. Excess butter may be rubbed into your own hands, leaving them soft and smelling great. TOP STAFF PICK! You must try it to believe it!

Available in several wonderful scents & are safe for both pets and their people!

4OZ BODY MIST - CLEANS & DEODORIZERS SKIN & COAT

STEP 4:

After cleansing and moisturizing, it is essential to lock in moisture with this quick & simply step. With superior ingredients and ease of application, just a few pumps of our amazing MIST will be the finishing touch to their skin care regime. Our MISTS are gentle enough to use everyday with results that will keep them looking and smelling great. Discover how to refresh, cleanse and condition your pets coat with these

"NATURAL TO THE SKIN" products. May be used in between bathing to keep your pets coat looking healthy & clean.

SOFT PAW REPAIR TREATMENT

STEP 5:

Our SOFT PAW is designed to soothe rough, dry skin and cracked paw pads. Fortified with Sweet Almond Oil and containing only the finest ingredients, this formulation will instantly soften and protect your pets precious paws from the environment, road salt, and hot pavements. All Natural ingredients that combine to repair and heal. Apply a small amount to your pets paws, rubbing gently into the pad until absorbed.

As with any paw treatment, please allow a few minutes to penetrate and dry. It may also be applied to hot spots, noses, elbows, cuts and insect bites. Rub excess into own hands leaving them soft and feeling great.
