How to tell it's genuine Trex®

A series of telltale performance and quality features lets you spot a Trex deck board among a sea of lookalikes. So when you're weighing your options, ask yourself:

DOES IT HAVE A PROTECTIVE SHELL?

IS THE WOOD GRAIN DEEP?

ARE THERE MORE THAN A DOZEN RICH COLORS?

IS IT MADE OF 95% RECYCLED MATERIALS?

build your dream deck with...

The World's #1 Decking Brand

Since 1996, Trex has invented, defined and perfected the composite deck category with a lineup of low-maintenance, high-performance products that fundamentally change the way we live outdoors.

- Fade & stain resistant
- Won't warp, rot, crack or split
- Mold & mildew resistant
- Termite resistant • Splinter free
- Soap & water cleaning

AMERI-CANA PANEL

Adaptable to any environment, our popular Ameri-Cana panel is suitable for roofing or siding applications on agricultural, residential, light commercial or light industrial buildings. It's ideal as a roofing sheet for long and low rafter. Offers superior strength, with a strong 80,000 PSI full-hard steel core and five specially designed 3/4" high ribs on 9" centers. 38" wide.

Weathertight Overlap — Provides better protection against leakage with its built-in anti-siphon groove. This tight-fitting overlap design allows for drainage through its anti-siphon groove if water is forced inside as a result of capillary action. White and galvalume in-stock.

RUBBER ROOFING

The GenFlex EPDM single-ply membrane is tough because it stands up to tears, impacts, punctures and normal roof traffic. It's durable, offering excellent resistance to ozone and ultraviolet light exposure. And it's reliable, maintaining elasticity and flexibility that lasts.

\$56⁹⁵ Henry

4.75-GAL. MOBILE HOME ALUMINUM ROOF COATING

An ultra premium fibered coating that forms a shiny, tough reflective surface. Keeps winter warmth inside and forms a tough, waterproof seal. For use on roofs of barns, homes, garages and mobile homes. (PR525)

Henry

THERMA-TRU
DOORS

Spring Cleaning and Organizing

THE FAMILY
Handyman

GARAGE STORAGE PLANS

These shelves are clever in how the shelf supports for the upper most shelf become storage areas too. This is the perfect "sportsman's" storage solution!

SHELF CONSTRUCTION DETAILS

This is the basic plan for shelf construction. Our shelving system is made from oak plywood and solid oak trim. If you choose 3/4-in. CDX (construction grade) plywood and pine trim, you'll whittle down the cost. We prefinished everything with two coats of polyurethane. If you choose to finish your shelves, roll the finish on the full sheets of plywood and brush the finish on all of the trim boards before cutting.

EXTERIOR DOORS

An increase in comfort, energy efficiency and performance, and see an increase in curb appeal. In fact, you can increase the perceived value of your home just by adding a Therma-Tru entry door system. Therma-Tru's fire rated, steel doors offer your family the benefit of time in the event of a house fire.

IT'S YOUR WORLD. BUILD IT.™

SHEETROCK® BRAND ULTRALIGHT PANELS

Lightweight, quality wall and ceiling panels for interior applications: The lightest 1/2" gypsum wallboard panel available today. Easier to carry and install. Clean score and snap. Can be used on ceilings with 24" o.c. frame spacing when water based texture is applied. Are re-engineered, lightweight gypsum wallboard panels with a patented, composite design. The non-combustible core is encased in 100% recycled face and back papers. The natural finish face paper is folded around the long edges to reinforce and protect the core and the ends are cut square and even. The long edges of panels are tapered, allowing joints to be reinforced and concealed with SHEETROCK joint treatment systems.
